|-----------------------|
| SAT / ACT Information |
|-----------------------|

<http://www.act.org/aap/> The ACT:

The original ACT website. Contains an overview of the ACT assessment, a preview of the exam, and instructions on how to register, practice for the exam, methods of obtaining your scores after the exam, a section on understanding your scores and directions as to how to send your scores to a college.

<http://www.collegeboard.com/splash> The College Board On-line:

An all inclusive site dealing with the SAT. Allows students to create an organizer with a user name and password that will enable students to save and retrieve information. Contains sections that deal with: SAT registration and scores, test preparation, test centers, applying to college and the CSS/Profile, planning for college, paying for college and college searches.

<http://www.ets.org> The Educational Testing Service:

Contains information on many educational tests including: Advanced Placement exams, SAT I and SAT II exams and the TOEFL (Test of English as a foreign language).

<http://www.collegeboard.com/apps/qotd/question> SAT Question of the Day:

Allows students to take an SAT question each day.

## Self Assessment and Career Awareness

<http://www.collegeboard.com/html/careerbrowser.html> Career Search:

A questionnaire aimed at helping match jobs to your likes and dislikes.

<http://www.mapping-your-future.org/> Mapping Your Future:

A public service website aimed at assisting students and families in searching information about college, career and financial aid choices.

<http://www.umsl.edu/services/govdocs/ooh9899/317.htm> Jobs for Kids Who Like?

The Department of Labor's Educational Resource Site aimed at helping to link careers to school subject areas including: Music/Arts, Math, Science, PE/Outdoors, Social Studies and Reading.

<http://www.umsl.edu/services/govdocs/ooh9899/317.htm> Occupational Outlook Handbook:

Nationally recognized source of career information. Describes what a worker does in a particular field, working conditions, training/education need, earning potential and job outlook.

<http://www.nycareerzone.org/> Career Zone:

A career planning tool created by the state of New York designed to provide in-depth information on a variety of careers. Helps explore jobs that are in demand, job qualifications needed for particular careers, projected salary ranges, areas of interest, additional resources and featured careers. Enables students to create a portfolio of interests, skills and careers.

## Study Skills

<http://highschoolace.com/ace/ace.cfm> Homework Help and Learning Activities:

Provides academic resources for high school students.

<http://www.schoolwork.org/> School Work:

Provides homework help in the areas of math, science, literature, politics, history, art and music. Offers tips on using dictionaries, encyclopedias and online books.

<http://school.discovery.com/> Discovery Skills:

Provides tutorial services, homework help, study tools, educational games and learning adventures.

<http://www.adprima.com/studyout.htm> Effective Study Skills:

Contains tips on developing many effective study skills techniques such as: developing a study schedule, how to use time effectively, where to study, developing thinking strategies, reading, getting the main idea, extracting important details and many more.

<http://www.stfx.ca/campus/stu-serv/disabled-students/success/how-to-study.html> How to Study:

Defines the term studying. Explores some of the components that contribute to successful study habits including: motivation, organization of work, budgeting time, and concentration, listening, and reading texts – including charts, graphs and tables.
