

# Download the **SchoolMessenger Home App!**

Comsewogue School District is using the SchoolMessenger Home App! This app is an easy-to-use, one-stop-shop for phone calls, emails and SMS messages sent to you from the District and your child's schools. It is available for FREE for both iOS and Android devices. **Note:** This app is a replacement for the old SchoolMessenger Communicate App.

## **View Recent Messages**

All messages sent by the District You can filter your messages in the top right corner of the app on the "Inbox" page.

You can scroll through this menu to see messages based on different broadcast types. You can also filter based on read or unread messages.

## **SchoolMessenger Chat**

For teachers or buildings using SchoolMessenger Chat, you can receive messages for your child directly in the SchoolMessenger App based on groups they have set up, or auto-rostered classes that are a member of during the school day.

## **Set Your Preferences**

You can set your preferences for different notification types such as General messages, Emergency alerts and more. Choose which contact methods (phone, email or SMS) you want to receive for each of these broadcast types.

**Friday 12-15-23**
